Language of your contribution : French Attached resources language : French

"EDGI (ENVIRONMENTAL DATA & GOVERNANCE INITIATIVE) is happy to help support and promote efforts to archive government data, websites, and documents vulnerable to becoming less publicly available.

Check out our community Data Event Toolkit that you can use and add to.

Find the toolkit below organized into

- 1) Document tools of how-tos, primers, and checklists, and models ;
- 2) The EDGI organization github account where you can find or start coding projects.
